Seattle, WA | 406-381-2797 | [graceparkermt@gmail.com](mailto:graceparkermt@gmail.com) | [linkedin.com/in/graceparker0716](https://www.linkedin.com/in/graceparker0716) | [github.com/gaparker716](https://github.com/gaparker716)

---

## Education

### Montana State University - Bozeman, MT

Aug 2020 – Dec 2024

- B.S in Computer Science, GPA: 3.53
- Minor in Computer Engineering

### Grizzly Broadband - Hamilton, MT

Oct 2019 – Mar 2020

#### Computer Technician Internship

- Identified and resolved software issues in computers
  - Disassembled computers for scrap, part replacement and cleaning
- 

## Projects

### Rental Mobile App

Aug 2024 – Dec 2024

- Participated in the end-to-end product design process to identify and solve real-world problems
- Conducted user research through interviews with five participants and documented key insights
- Translated research findings into a business plan. Created a mind map of features for developing an app
- Developed a high-fidelity prototype in Adobe Express demonstrating core app functionality
- Performed usability testing of the prototype with six users

### Chinook Website

Aug 2023 – Dec 2023

- Implemented database models for a two-tier DBMS to support a dynamic web application
- Developed backend functionality in Java using the JDBC API to communicate with a SQL database
- Applied test-driven development to implement CRUD operations, input validation, pagination, and advanced searching functionality
- Enabled real-time data interaction that allowed users to navigate, query, and update database records

### Diet Tracking App

Aug 2022 – Dec 2022

- Collaborated with a team of 4 to develop feature-based requirements to guide development
  - Documented requirements into structured user stories within project management tool
  - Created UML diagrams to model system architecture and document key features
- 

## Languages and Technologies

- **Languages:** Python, Java, C++, C, JavaScript, HTML, CSS, SQL
  - **Databases:** MongoDB, Firebase
  - **Design Tools:** Adobe Photoshop, XD, Lightroom, Express
  - **Operating Systems:** Unix/Linux, Windows
  - **Project Methodologies:** Agile (Scrum, Kanban)
  - **Code Management:** Git, Feature/Release Branching
  - **Cloud Computing:** AWS
- 

## Certifications

- [AI Essentials Specialization](#) by Google
- [Learn React](#) by Scrimba
- [Advanced React](#) by Scrimba
